# Diversity of the Meaning of Being 'Single' in the Global Societies

### : Drastic Changes of the Way of Life, Human Relations, and Kinship

With the rapid globalization and urbanization, patterns of our lifestyles, social customs and relationships are changing drastically. In this symposium, we will focus on our experiences of social and physical interruptions in different situations and places in order to examine the contexts of being single or becoming single. Moreover, we will reflect on the current situations of our livings through the lens of various singles of this globe.
